## ADRC of Grant County

### Bus

The ADRC operates two wheelchair accessible buses Monday through Friday to provide transportation to people 60 and older and disabled of any age. The schedule varies daily, serving different towns. Riders may use the bus for medical appointments, visiting friends and relatives, shopping, lunch at a senior dining site or at a restaurant of their choice, and to do other important business. Senior dining sites offer participants bingo and/or cards before or after lunch while still allowing time to go shopping before returning home.

A minimum fee of \$2.00 - \$3.00 is charged for a round trip ride on the bus.

Special group excursions are scheduled throughout the year for shopping and entertainment purposes. These excursions cost more than a daily bus ride.

See the enclosed daily schedule.

### TRIPS

Trips is a door-to-door volunteer driver program. The purpose is to provide transportation to non-emergency medical and important business appointments for people who are 60 or older or disabled of any age who are NOT on Medical Assistance. Other trip requests are determined on a case-by-case basis. Trips requests should be made as soon as possible to allow the Center on Aging time to schedule a driver.

Riders must be able to enter and exit the vehicle on their own or with a minimum of assistance. Services are provided by screened volunteers who provide rides using their personal vehicles.

A fee is charged to clients based on the trip distance.

### Grant County Taxi
